

Photo Book Planning Sheet

When making a digital photo book, it is helpful to plan out your pages in advance. Most digital books include 20 pages with the base price. Additional pages come in sets of two and will cost additional depending upon the page size. Using a pencil – jot down ideas of what you might have on each page spread. (who, what, when, why, where, etc.) Plan on erasing/rewriting as you think of things to add in!
